

Try a Chat™ speaker phone, any MAX® conference phone or RAV™ conferencing system for 30 days, FREE!

ClearOne

That's right—give Chat, MAX, and RAV a try before you buy.

Conversations are natural and effortless with Chat speaker phones, MAX conferencing phones and RAV conferencing systems. You can expect incredible clarity and user-friendly controls. Sit back, relax, and interact.

Chat 50

A personal speaker phone that connects to a wide variety of devices for hands-free communication and audio playback. A perfect personal solution for professionals who want rich full-duplex audio that is portable and economical. Includes a cell phone audio cable and MP3 audio cable in the Chat 50 Global Traveler.

Chat 150

A group speaker phone for individual or small group use. A perfect addition to the office or conference room for greatly enhanced collaboration. The Chat 150 connects to telephones (available early 2007), PCs and video conferencing systems for rich, full-duplex audio communications.

MAXAttach | MAX EX

The industry's first fully expandable tabletop conference phone provides premium, full-duplex audio in small to medium sized rooms. MAX has the ability to daisy chain up to four phones.

MAXAttach Wireless | MAX Wireless

The industry's first wireless and dual phone wireless tabletop conferencing system. Provides expandable wireless coverage for small to medium conference rooms. The wireless conference phone can be used anywhere within 150 feet of the base unit

MAXAttach | MAX IP

The industry's first expandable SIP-based VoIP tabletop conference phone with the ability to daisy chain up to four phones. MAX IP includes one phone unit and one base unit. MAXAttach IP includes two phone units and one base unit.

RAV 600 and 900

Includes an audio mixer with an integrated telephone interface and amplifier, two Bose® ceiling- or wall-mount speakers (or no speakers), a wireless or wired control unit, RAV-Ware™ software, and RAV microphone pods (two with RAV 600 and three with RAV 900) comprised of three microphones each. The system also includes Ethernet control for remote management and configuration capabilities.

To try Chat 50, MAX phone, or RAV system, visit www.clearone.com/tryMAX and download the "Try BUY Unit Request" form. Fax it in and we will send you the option of your choice to use for 30 days, FREE.
