

DIGILINX™ Technical Bulletin

Simultaneous Streams from Compatible Media Servers

This technical bulletin shows the number of simultaneous streams supported by media server type.

Table 1. Number of Streams Supported by Media Server Type

Media Server	Number of Streams Supported
Escient®	up to 5*
Audio Request	up to 6*
Imerge	up to 6*
Streaming Music Manager	up to 6*

NOTE: Each stream requires a *DigiLinX* proxy device, such as a *SpeakerLinX* or a *MediaLinX*.

* The total number of streams supported can also vary based on the type of media server.
