

# Putting Our Money Where our Mics Are!

You'll love what you hear with the Beamforming Microphone Array 2 **Beyond-Your-Money-Back Guarantee.**

We're so certain your Beamforming Microphone Array 2 solution will change the way you think about professional microphones, we're backing it up with a money-back guarantee - and beyond.

**If the power and performance of your array don't meet your requirements within 10 days, we'll accept a return for a full refund, plus \$500 to cover your installation costs.**

The Beamforming Microphone Array 2 is the Pro-Audio industry's first professional-grade microphone array with beamforming and adaptive steering technology and ClearOne's next-generation Acoustic Echo Cancellation. The ultra-sleek design fits into any conferencing environment and delivers the clearest audio pickup available with adaptive acoustic processing. Twenty-four microphone elements can steer the pickup pattern towards participants and reject unwanted noise and reflections; thereby offering superb and unmatched performance for group-conferencing environments.
