

Wireless Mic Trade-in Rebate

For US and Canadian end-users

Receive a rebate with trade-ins of any existing 600 MHz systems (including any 3rd-party products)!

Recent changes in FCC rules require systems in the 614-698 MHz frequency band to transition to another frequency band within the next 2 years. Our rebate offer applies to existing ClearOne 600 MHz frequency wireless microphone systems as well as 600 MHz frequency systems from other manufacturers. This is your opportunity to upgrade your system to be ready for this frequency change at the lower cost!

We know how important your wireless microphone systems are. So, we are offering a rebate on our WS800 and DIALOG® 20 digital wireless systems when you turn in your existing 600 MHz frequency wireless microphone systems.

Systems to be purchased	Rebate Amount (USD)
WS 800 8-channel or 4-channel receivers	\$100 per channel
DIALOG 20 receivers	\$75 per channel
WS 800 transmitters	\$100 per transmitter
DIALOG 20 transmitters	\$50 per transmitter

5 easy steps to get your rebate check

- ① Purchase non-600 MHz frequency ClearOne wireless microphone products from an authorized ClearOne dealer.
- ② Fill and send the Claim Form with proof of purchase of ClearOne equipment.
- ③ Wait for ClearOne to send you shipping labels to send your old 600 MHz equipment back to ClearOne. ClearOne pays for shipping.
- ④ Ship the old 600 MHz equipment to ClearOne attaching the shipping labels provided by ClearOne.
- ⑤ Receive the rebate check within 2 weeks of shipping the products.

TOTAL			

1. Don't send the equipment until you receive shipping labels from ClearOne.
2. Your rebate on receivers will be limited to the number of channels traded in or number of ClearOne channels purchased, whichever is lower. (e.g. if you purchased 40 channels from ClearOne but traded in only 36 channels, your rebate will be restricted to 36 channels.)
3. Your rebate on transmitters will be limited to the number of transmitters traded in or number of transmitters purchased, whichever is lower.
4. Contact orders@clearone.com for all questions.
